

AIRSIDE RULES

- **ALWAYS PAY CLOSE ATTENTION TO EVERYTHING AROUND YOU**
- Directions given by Airport Staff must be followed. Airport Staff can over-ride all airport rules for your safety.
- Give way to **ALL AIRCRAFT**. They have right of way.
- **NO VEHICLES ARE TO CROSS THE RUNWAY AT ANY TIME** (only exceptions are emergency vehicles in the case of an emergency.)
- All vehicles **MUST** come to a **COMPLETE STOP** at the doubles lines at each end of the runways and ensure that there are no incoming and departing aircrafts.
- While driving along all taxi ways, please **DO NOT EXCEED** a speed limit of **40km/h**. (Emergency vehicles excepted in the case of an emergency)
- There is to be NO driving on the apron which is the concrete area in front of the large commercial hangars and terminal. (Emergency vehicles excepted)
- Hazard lights **MUST** be in use as soon as you go through the gates and are to **REMAIN ON** until exiting through the gates.
- **STRICLY DO NOT GIVE VISITORS/COURIERS THE GATE ACCESS CODE!** You should arrange to meet your visitor or courier at the gates and escort them to and from your premises.
- Any gardeners or maintenance person must first report to Dan at Whitsunday Airport Management before entering the airside.
- The access code will be changed periodically as required. Home owners will be notified by email when the code changes.
- Electricity powers the gates so if there is a power loss the gates will not operate. Please contact Dan on 07 4946 9180 or talk to one of our ground crew to open them manually.
- In the unlikely event that the gates aren't working properly or if you have any questions, please contact Dan on 07 4946 9180.

Failure to follow these Airside Rules will not only put yourself in danger but others around you.

For more information, please contact us on 07 4946 9180.

Thank you,

Dan Shoebridge
